| Description      | Hand-inlaid panorama, made from the finest wood veneer, in which every grain and nuance brings this wallcovering's natural character to life                                                                                                                                                                                                                                    |
| Dimensions       | Panoramic of 480 cm x 300 cm = 14.40 m <sup>2</sup><br>(188.98" x 118.11" = 155 sq. ft.)                                                                                                                                                                                                                                                                                        |
| Pattern repeat   | Straight match 300 cm (118.11")                                                                                                                                                                                                                                                                                                                                                 |
| Remark           | The design of this panoramic is continuous, allowing multiple pieces to be placed side by side. Due to the natural characteristics of the wood veneer and the artisanal production process, slight variations may occur, meaning that panels may not align perfectly in all areas. These small differences are normal and contribute to the authentic character of the product. |
| Adhesive         | Arte Clearpro or a good quality dispersion adhesive                                                                                                                                                                                                                                                                                                                             |
