

CARE & MAINTENANCE

Collection:	Melaky
Pattern:	Farini
Reference:	40722 • Greige
Composition:	Natural wallcovering on non-woven backing
Description:	Raffia is often used in interiors because it holds such natural appeal. In the Farini design, raffia is utilised in an innovative way: after being woven into a wide, plain wallpaper, the sides are cut off. These strips are then attached to each other vertically and overlapping to create a dynamic line pattern with plenty of depth. The name refers to <i>Raphia farinifera</i> , a tropical African palm tree.

During installation:

Carefully dab off any adhesive stains immediately (before the adhesive has dried) with clean water and a soft cloth. Do this after installation of each length.

Maintenance:

First try to apply in an inconspicuous place. Try to remove any stains immediately, before the stain can dry out, by dabbing off the surface with a moist, lint-free, clean white cloth. Only use clear water, no soap.

Avoid excessive rubbing of the surface. Avoid excessive soaking of the surface.

Dust can be wiped off with a damp, lint-free, clean cloth or a brush with soft bristles, or can be lightly vacuumed with a soft bristle attachment to avoid damaging the surface.

Arte can not be held responsible if damage is caused to the product during the cleaning process.
