

CARE & MAINTENANCE

Collection:	Flamant Honoré
Pattern:	Lin
Reference:	40020A • Minéral
Composition:	Wallpaper on non-woven backing
Description:	Lin is an interpretation of a warm and tactile, rather tightly woven linen with a natural look and feel. The designers took inspiration from the beauty of nature for the colour palette, which includes soft earthy tones, crisp greens and blues, and the intense hues of late summer.

During installation:

Carefully wash off any adhesive stains immediately (before the adhesive has dried) with clean water and a soft sponge. Do this after installation of each length.

Maintenance:

First try to apply in an inconspicuous place. Try to remove any stains immediately, before the stain can dry out, by washing off the surface with clear water and a soft sponge. If needed, a PH-neutral soap solution could be added to the water for more stubborn stains. Always wipe off with warm, clean water.

Never use cleaning agents based on solvents.

Dry with a lint-free, clean cloth.

Dust can be wiped off with a damp, lint-free, clean cloth or a brush with soft bristles, or can be lightly vacuumed with a soft bristle attachment to avoid damaging the surface.

Arte can not be held responsible if damage is caused to the product during the cleaning process.
